

My Dear Cousin

I find
that the steamer do not
sail from Boston to
that I shall not have
the pleasure of saying
you all once more
but I hope that if I
do succeed in making
a home down in Florida
you and all your little
ones will come down
and spend the winter
with me.

much love to your wife
and all the little ones
affectionately yours
Peter Abbott

Jan Mr Hale

I find that we have been under a misapprehension in supposing that any steamers sail for Savannah for Boston. In consequence young Foster & Friend will not come to Boston.

Will you therefore be so very kind as to forward to us here as soon as possible letters of introduction to such people as you would recommend them to see.

Moreover will you be so good as to allow your man Michael to take the inclosed notes to Dr Days & bring back a valuable book of Fried which is in Dr Days hands

also an indian rubber cap
which I value much.

I shoudt hesitate to ask
this much of you did I not
know that your bureau is
so well organised that these
things will come in as part
of your daily business

Sister Mary & Mr Perkins
are yet with us. we are
enjoying their society daily
— we feel quite anxious
about Emily with her illness
but trust the heaviest burden
is now lifted —

With best love to her
& the children

I am ever faithfully
Yours,
W B Stowe
