you have - how many windows
to each - the length from floor -

Is your house in a block? Write
me all about it & do not neglect
any question - this interesting sketch
contains - write particularly
about all - My health is so poor

height & depth & every thing - Last
week, our darling Laddie - sent the

bab - in a letter - a very cunning little
gold ring set in blue - write too if
you have received that - Certainly

whom we know, are this winter
in Paris - Do you ever see Mrs Gould -
she is good natured & amusing -
and her son, plays wonder-
fully well - on the piano. How
they detest Chicago - What a bold
we would have to talk about - if
we were together again! I am well
aware, without my physician so
frequently repeating to me - that
quiet is necessary to my life - therefore
such places, I must at present abide
in - If I had remained in C - I should not now
be living -
