The written letters of the President and Captain Wierse are referred to the Ordnance Department with instructions -

1st Because a full and careful trial of the "Repeater" to be made by a competent Board who shall report upon its adaptability and utility for the service and also whether it is expedient to have a request made for its introduction into the service,

2. That this trial and report shall be made promptly.

August 9, 1872

Edwin M. Stanton
Sec of War

The Secretary of War

Re trial of new repeating gun
